February 12, 2019

To the Board of Directors  
Oregon Coast Community College

We have audited the financial statements of Oregon Coast Community College for the year ended June 30, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

### **Purpose of the Audit**

Our audit was conducted using sampling, inquiries and analytical work to opine on the fair presentation of the basic financial statements and compliance with:

- generally accepted accounting principles and auditing standards
- the Oregon Municipal Audit Law and the related administrative rules

### **Our Responsibility under U.S. Generally Accepted Auditing Standards**

As stated in our engagement letter, our responsibility, as described by professional standards, is to express opinions about whether the basic financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the basic financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we considered internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting.

Our responsibility for the supplementary information accompanying the basic financial statements, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the basic financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Planned Scope and Timing of the Audit**

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; therefore, our audit involved judgment about the number of transactions examined and the areas to be tested.

Our audit included obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the basic financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. We also communicated any internal control related matters that are required to be communicated under professional standards.

### **Results of Audit**

1. Audit opinion letter - an unmodified opinion on the basic financial statements has been issued. This means we have given a “clean” opinion with no reservations.
2. State minimum standards – We noted one instance where actual expenditures exceeded appropriations, as noted on page 41 of the financial report.
3. Management letter – We issued a separate management letter dated February 12, 2019 detailing a significant deficiency in internal control.

### **Significant Audit Findings**

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used are described in Note 1 to the basic financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2018, except for the implementation of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. We noted no transactions entered into during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the basic financial statements in the proper period.

Accounting estimates are an integral part of the basic financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the basic financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the basic financial statements were Management’s estimate of Accounts Receivable and Capital Asset Depreciation, which are based on estimated collectability of receivables and useful lives of assets, as well as the actuarial estimates related to the PERS pensions. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the basic financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The disclosures in the basic financial statements are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no difficulties in dealing with management in performing and completing our audit.

#### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements or determined that their effects are immaterial. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, taken as a whole. There were no immaterial uncorrected misstatements noted during the audit which were discussed with management.

Pauly, Rogers and Co., P.C.

#### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the basic financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

#### *Management Representations*

We have requested certain representations from management that are included in the management representation letter.

#### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the basic financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year prior to our retention as the auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

#### *Required Supplementary Information*

We applied certain limited procedures to the required supplementary information that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the required supplementary information and do not express an opinion or provide any assurance on it.

#### *Supplementary Information*

We were engaged to report on the supplementary information, which accompany the basic financial statements but are not required supplementary information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the basic financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the basic financial statements or to the basic financial statements themselves.

#### *Other Information*

We were not engaged to report on the other information, which accompanies the basic financial statements but is not required supplementary information. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Best Practices – Not Significant Deficiencies**

1. During our review of expenditures, we noted that the College's travel policy appears to be out of date and not enforced. We recommend that the College formally adopt a new travel policy that addresses approved reimbursement rates for mileage, airfare, hotel, daily per diem, etc.
2. During our review of expenditures, we noted that the President's credit card statements and supporting documentation are not formally reviewed and approved by an individual with equal or higher authority at the College. Adequate internal controls require that review and approval of transactions be performed by individuals at the same or higher level of authority because it reduces the likelihood of the reviewer being pressured or influenced. Since for all practical purposes, the board is the only entity with authority over the President, we recommend that someone from the board be designated to perform a formal review of the President's monthly credit card statements and receipts.

This information is intended solely for the information and use of the Board of Directors and management and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in dark ink, appearing to read "Ken Allen", is positioned above the printed name.
